Alpine Power Systems engineers and builds customized battery cabinets and enclosures for critical power applications, for utility, telecom, CATV, data center and other applications.

Global Power Supply provides secure, industry-compliant cabinet systems for data centers, hospitals, and other critical facilities that depend on uninterrupted power.

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they provide 10-15 years of ...

C& C Power Battery enclosures are configured to meet the need of all types of applications. Battery cabinets are engineered for an uninterrupted power backup source to support the continuous operation of your critical facility.

From the industry leader in data center backup batteries, C& D now offers a configurable cabinet solution. In addition to our premium, reliable stationary batteries, we carry a full line of well-engineered, factory ...

Backed by a three-year factory warranty, the Vertiv Liebert GXT5 External Battery Cabinet GXT5-EBC48VRT2U is an essential accessory for data centers, server rooms, and industrial applications where uninterrupted ...

This reference design fits stackable high-voltage battery energy storage systems used in large scale utility solutions, industrial and commercial UPS as well as storage for domestic use.

It offers seamless integration with various mainstream battery brands and technologies, providing flexibility and reliability. Ideal for projects requiring efficient power management and space-saving installation.

1500V Data Center Battery Cabinet for Hospitals

The MEGATRONS 373kWh Battery Energy Storage Solution is an ideal solution for medium to large scale energy storage projects. Utilizing Tier 1 LFP battery cells, each battery cabinet is designed for an install ...

Arimon battery cabinets are designed to accommodate battery monitoring solutions from a variety of manufacturers or work with our engineering team to customize a solution specifically for your needs.
