For my review I've been wearing the watch on and off for a few weeks now, really taking the time to get a feel for the timepiece for this hands-on review. It's time to take a deeper look at the ...

This time we will look into a German brand called Lilienthal Berlin. And yes, all their watches are Made in Germany! I discovered this brand accidentally. I was watching and ...

Berlin Watch batteries can function for 2 to 5 years depending on the type of the watch, usage and circumstances. Is your battery empty? Let us replace...

How long does the battery last? This varies from model to model, but with a new battery, it should last at least 1-1.5 years.

The quartz movement in the Lilienthal Berlin Watch generally requires less upkeep compared to automatic watches. Battery replacements are infrequent, leading to lower long-term ...

Battery Life: The Toobur Smart Watch requires frequent charging due to its advanced features, while the Lilienthal Berlin watch has a longer battery life, typical of traditional quartz watches.

Up to what pressure are Lilienthal Berlin watches water-resistant? How long does the battery last? How can I change the battery?

The watch movement (the mechanism that actually keeps time) is a quartz (battery-powered) Startech 3540.D (for you completists) made by Swiss manufacturer, Ronda. Ronda states ...

The Lilienthal Berlin Chrono Miles sits well on the wrist, but there is a small gap visible, from both side, between the lug and the wrist, which is not ideal. We love the crown and pushers on ...
