-----  
What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Why should you choose a telecom outdoor cabinet?

An outdoor telecom cabinet is a worry-free solution for safeguarding your equipment from moisture and harsh environmental conditions. KDM's cabinets are factory tested and feature double-wall construction and a tight seal. They come with accessories such as enclosure fans and power options.

Are KDM's outdoor Telecom cabinets IP65 rated?

IP65 is one of the ratings for KDM's outdoor telecom cabinets. Outdoor telecom cabinets are often rated with IP65 and up, or 4/4X and up. There are 3-4 main signs that are common on outdoor telecom enclosures, but there are also 3 different levels of warning that are used in conjunction with symbols.

What are outdoor telecom enclosures?

Outdoor telecom enclosures are structures designed to protect and house telecommunications equipment outside. They come with a range of options including cable management, thermal management, environmental protection, and integration. All these solutions and enclosure products can be custom-made. KDM relies on custom and standard NEMA standard telecom cabinets to protect their internal equipment.
