Hugh selection of CB and Ham radio base station equipment. Radios, antennas, coax, mounts, meters and more.

What Is A Base Station Radio System? Base Station CB Radio Base Station CB Antenna High Quality Coax Optional A Fairly Common Base Station Setup Might Look Like The Following A base station is generally a radio system that is set up in a fixed location such as house or building. Since a fixed location allows one to install a much taller antenna than an antenna on a vehicle, you can get significantly more potential range. Remember, the longer the CB antenna, the more potential range that you will have. The basic componen...
