The Sol-Ark® 60K-3P-480V commercial hybrid inverter is a powerful and versatile commercial energy storage solution specifically designed for light commercial and industrial businesses.

Ships via freight direct from manufacturer. The 60kW (66kVA) medium power CPS three phase string inverters are designed for ground mount, rooftop and carport applications. The units are high performance, advanced ...

SSE-HH40K~60K-P3EU three-phase high-voltage hybrid inverter offers high efficiency for commercial and industrial energy storage. Featuring SiC MOSFET technology, it provides reduced size and weight.

S5-GC (50-60)K three-phase series string inverter are suitable for the installation of three-phase input pv system of commercial and industrial PV plants. Adopt 5/6 MPPT design to provide a more flexible configuration ...

These units have a compact and lightweight design making them an easy two-person installation. The ultra-low THDi of 2% and filter features add multiple layers of protection for the grid. Solis 50-66K inverters can be ...

This 60kW transformerless inverter features 8 independent MPPT channels with 32A string current capability, engineered specifically for commercial rooftop installations requiring low-voltage grid integration.

The 50 & 60kW (55 & 66kVA) medium power CPS three phase string inverters are designed for ground mount, rooftop and carport applications. The units are high performance, advanced and reliable inverters designed ...

Delivering 60kW of continuous power at 480V, this hybrid inverter supports grid-tied, off-grid, and battery backup applications. Its NEMA-3R rated enclosure allows for both indoor and outdoor installation, while advanced ...

Industrial frequency inverter 60kW

The Solis S6-GC60K-US Three Phase Inverter is designed for commercial and industrial solar energy systems. This inverter offers exceptional efficiency and advanced safety features, including AFCI protection and ...

With four MPPT channels, you can manage energy from various inputs, and the built-in PV disconnect switch and rapid shutdown keep your entire system safe. The inverter also provides continuous AC grid/generator ...
