The annual "SNEC PV+" has become a compass for the global photovoltaic industry, indicating industry trends in technology, equipment manufacturing, market positioning, and application models.

The conference programme encompasses a wide scope of PV technologies, with a focus on different high efficient solar cell technologies, such as HJT/HIT, TOPCon and Perovskites, and Distributed ...

The Solar PV & Energy Storage World Expo is a key event for professionals, with 2000 exhibitors and 180,000 sq. m. of show floor in the solar photovoltaic and energy storage...

Solar PV & Energy Storage World Expo has always been unanimously recognized and positively reviewed by the photovoltaic and energy storage industry in the past 17 years. It is also one of the ...

The events will promote high-quality development of the energy storage and hydrogen energy industries, and help China achieve its "Dual Carbon" strategic goals sooner. SNEC sincerely ...

SNEC 2025 exhibition covers the entire PV and energy storage value chain with multiple specialized areas showcasing the latest products and solutions.

The exhibition will be held on 8-10 August 2025 in Guangzhou. Solar PV & Energy Storage World Expo 2025 is expected to have more than 2,000 exhibitors, 180,000 square metres of ...

As one of the world's most specialized PV exhibitions, SNEC PV& ES showcases PV production equipment, materials, solar cells, PV application products and modules, as well as PV engineering ...

The annual "SNEC PV & ES Expo" has also been widely recognized as a compass for the global
