-----

JA Solar 545W Photovoltaic Panel Technical Specifications This high-efficiency monocrystalline module delivers 545W output under standard test conditions (STC: 1000W/m<sup>2</sup>, 25°C, AM1.5).

With its advantages and continuous technological innovations, stable financial results, as well as established global sales and services networks, JA Solar is well known and highly recommended by ...

The JA Solar JAM72D30-545/MB is a high-performance 545W bifacial solar panel featuring advanced 11BB PERCIUM cell technology in a double-glass configuration.

JA Solar JAM72D30-545/MB 545 Watt Bifacial Monocrystalline Solar Panel (Full Pallet: 31/pallet | 16.9kW) is available to buy in increments of 31. This item ships by truck freight only. If you have any ...

JA 545w D30 Series Bifacial PERC 144 half cell module:11BB, Silver Frame, Glass Backsheet, Genuine MC4 1500V connectors on 1300mm cables.

545W output with 21.3% efficiency for maximum energy generation in limited space. Excellent temperature coefficient ensures reliable performance in high-temperature conditions. Engineered for ...

In this section, we will dive into the various advantages and characteristics offered by the JA Solar 545W Bifacial solar panel, a groundbreaking addition to the renewable energy market.

This JA Solar panel provides 545 W of power at 21.1% efficiency. High energy production levels are achieved through the usage of the latest advances in the solar industry, including PERC technology ...

How much power does a JA Solar panel provide? 545 W power at 21.1% efficiency. High energy production levels are achieved through the usage of the latest advances in the solar ...

Assembled with 11BB bifacial PERCIUM and half-cell configuration, these double glass modules have the

## JA Solar PV Panel 545

capability of converting the incident light from the rear side together with the front side into ...
