---

Explore the Jinko 445 watt solar panel: detailed technical specifications, build composition, efficiency performance, and practical applications in residential, commercial, and industrial solar projects.

Excellent Anti-PID performance guarantee via optimized mass-production process and materials control. The N-type module with Hot 2.0 technology has better reliability and lower LID/LETID. High salt mist ...

Certified to withstand: 5400 Pa front side max static test load. 2400 Pa rear side max static test load. Minimizes the chance of degradation caused by PID phenomena through optimization of cell ...

Excellent Anti-PID performance guarantee limited power degradation for mass production. Advanced glass and cell surface textured design ensure excellent performance in low-light environment. ...

High salt mist and ammonia resistance. Minimizes the chance of degradation caused by PID phenomena through optimization of cell production technology and material control.

Grade a Mono Solar PV Module 425 430 445 Watt 460W Panel, Find Details and Price about Jinko Solar Panels Mono Solar Panel from Grade a Mono Solar PV Module 425 430 445 Watt 460W Panel ...

Maximize efficiency with Jinko Solar 445W Solar Panels. Get yours at A1 SolarStore for reliable energy solutions!

Jin1&lt;O Building Your Trust in Solar 2400 Pa 5400 MBB HC Technology Durability Against Extreme Environmental Conditions High salt mist and ammonia resistance. Enhanced Mechanical Load ...

Tiger Neo N-type 54HL4R-B 425-445 Watt ALL-BLACK MODULE N-Type Positive power tolerance of 0~+3%

## JinkoSolar photovoltaic panel A-grade 445 watt

Unlock the potential of solar energy with the solar panel JKM445N-54HL4R-V (BFR, St&#228;ubli MC4) from Jinko Solar, which has a rated output of 445 watts and makes your power generation more sustainable.
