Who is LONGi Solar?

LONGi Solar is a leading manufacturer of solar panels and photovoltaic solutions, founded in China in 2000. Its specialties include the production of PERC (Passivated Emitter and Rear Cell) monocrystalline cells and bifacial panels. Its solutions are used in a variety of applications, including residential, commercial and large-scale installations.

What types of solar panels does Longi offer?

LONGi has two main series of solar panels: Hi-MO 4, and Hi-MO 5, which have a variety of different options to suit residential, commercial and utility-scale projects.. LONGi offers half-cut and bifacial monocrystalline panels made with laser-grooved PERC cells. With extra enhancements, LONGi modules achieve up to 20.9% efficiency..

Are LONGi Solar modules compatible with mainstream mounting systems?

LONGi solar PV modules are compatible with mainstream mounting systems, solar PV inverters and Power Optimizers. CCL is one of the largest suppliers of LONGi solar modules in the UK.

How long do LONGi Solar panels last?

The performance guarantee for standard panels is 25 years, with 30 years for bi-facial. The LONGi Solar philosophy is to gain the maximum from solar energy to build a green world. Today, LONGi is part of a community of world-leading producers of monocrystalline silicon panels.

Certified by the authoritative Institute for Solar Energy Research Hamelin (ISFH) in Germany, the photoelectric conversion efficiency of LONGi's independently developed hybrid back ...

LONGi Green Energy Technology Co., Ltd. is a global leader in solar photovoltaic (PV) solutions, particularly known for its high-efficiency solar panels. With a focus on monocrystalline ...

LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance ...

LONGi offers half-cut and bifacial monocrystalline panels made with laser-grooved PERC cells. With extra

Longi Solar PV Ingot Monocrystalline Panel

enhancements, LONGi modules achieve up to 20.9% efficiency..

The whole project aim to achieve a total production capacity of 20GW of monocrystalline silicon ingots and 24GW of monocrystalline cells per year. The project will be completed in three ...

Embrace the power of solar energy with LONGi, the global leader in monocrystalline solar panels. Discover their range of high-performing products.

LONGi Solar is a Tier 1 manufacturer of solar panels renowned for its monocrystalline technologies and the latest innovations. LONGi was incorporated in 2000 and has focused exclusively on ...

LONGi Solar is a leading manufacturer of solar panels and photovoltaic solutions, founded in China in 2000. Its specialties include the production of PERC (Passivated Emitter and Rear Cell) ...

LONGi Solar is one of the world's largest manufacturers of monocrystalline silicon products. Founded in the year 2000, LONGi Solar is a subsidiary of the LONGi Group and is headquartered in China with ...

Established in 2000, LONGi Solar is a BNEF Tier 1 manufacturer that invests heavily in research and development and is consequently known for its advancements and records in the development of ...

Embrace the power of solar energy with LONGi, the global leader in monocrystalline solar panels. Discover their range of high ...
