This report is intended to help fill the information gap and inform how best to promote and accelerate microgrid adoption in California by learning about how successful projects have been developed ...

This review article (1) explains what a microgrid is, and (2) provides a multi-disciplinary portrait of today's microgrid drivers, real-world applications, challenges, and future prospects ...

A PowerPoint summary or report (up to 10 pages) describing the renewable technologies, sizes, capital costs, and lifecycle costs will be provided. This analysis will help inform CU's overall energy strategy ...

This report details how NCEMC implemented a microgrid project at Butler Farms. It intends to provide reference material for electric cooperatives interested in developing a microgrid on their systems, so ...

While DOE has made significant progress in supporting microgrid deployments, there remain research gaps for both remote microgrid, and microgrids for critical infrastructure, which are being addressed ...

During the past six years, 21 states have proposed and enacted 53 microgrid-related bills largely for grid reliability and resilience. These often arise following an extreme weather event or prolonged outage.

This report presented a summary of technical attributes of the IRES microgrid projects planned resources. The resource plan includes generation (e.g., PV), ES (e.g., BESS) and controlled loads ...

This report documents the important steps and outcomes of the Microgrid Fast Charging Station (MFCS) Design Platform project, executed by Xendee Corporation and tested and validated by Idaho ...

This report focuses on the economic impact of six different renewable microgrid technologies measured through jobs creation. While all six technologies are expected to see significant investment and ...

Microgrid Development Report Summary Example

This report provides (1) an overview of the microgrid planning, assessment, and design process for DoD installations and (2) is a resource for energy managers, policymakers, contractors, ...
