Discover AZE Telecom's outdoor weatherproof cabinets and waterproof server racks. Designed to protect electronics, servers, and network equipment in harsh environments. Durable, secure, and customizable--find the perfect solution for your outdoor telecom needs today! Protect Your Electronics with AZE Telecom's Outdoor Weatherproof Cabinets

How does the IP55 outdoor server rack work?

The cabinet design allows natural wind cooling through filtered vents on the front door and venting under the lip of rain hood. The IP55 outdoor server rack also has two or four fans with a dust-proof cover located at the top of the cabinet for greater airflow/cooling.

How many fans does the IP55 outdoor server rack have?

The IP55 outdoor server rack also has two or four fans with a dust-proof cover located at the top of the cabinet for greater airflow/cooling. The fans are serviceable and the front door dust filters are easily accessible for cleaning. All fixtures are internal to the cabinet to provide a secure solution.

Are outdoor server cabinets waterproof?

The 'waterproof outdoor server racks and cabinets safeguard your sensitive electronics in outdoor environments and ensure they function smoothly and reliably. Our outdoor server cabinets are built to withstand everything, from rain and snow to dust and hot sun. They're even tough enough to resist vandalism.
