What is battery Norway?

Battery Norway (Norwegian Battery Platform) is a national industrial collaboration platform focused on innovation and sustainable value creation opportunities, encompassing the entire battery supply chain. Battery Norway will closely follow the EU's battery strategy and be the Norwegian "mirror" advising the authorities.

Documents and downloads:

Who is heading the Norwegian Giga Battery Factories project?

The project is headed by the Norwegian University of Science and Technology (NTNU) with scientific partners from IFE, SINTEF and Technical University of Braunschweig. The Norwegian Giga Battery Factories (NorGiBatF) is a competence project funded by the Research Council of Norwegian and several Norwegian industry partners.

Who is Nordic batteries?

At Nordic Batteries we assemble and manufacture customized battery- and energy storage solutions to drive your business forward. Based on our market and technological expertise we deliver solutions powering the green shift for key industries. High energy battery module produced in Norway from Norwegian battery cells.

How will battery Norway follow the EU's Battery strategy?

Battery Norway will closely follow the EU's battery strategy and advising the authorities. Battery Norway (Norwegian Battery Platform) is a national industrial collaboration platform focused on innovation and sustainable value creation opportunities, encompassing the entire battery supply chain.

Norway Plug and Play All in One 100kw 232kwh 150kw 215kwh Outdoor Liquid Cooled HVAC Cooling Systems IP65 Outdoor Energy Storage Solar Power Battery Cabinet AIMS Power inverters are ...

Mining projects Restarting of mine in Greenland (Amitsoq) Processing to battery grade anode material in Norway (Eyde Material Park) GreenRoc and Norgraph status as critical project by ...

Last week marked a significant milestone for our company as we proudly received our inaugural Battery Energy Storage System (BESS) shipment in Norway, a nation known for its progressive stance ...

Norway outdoor communication battery cabinet processing factory

High energy battery module produced in Norway from norwegian battery cells. Modular design made for 19" racks. Available as standalone battery module or innstalled in a battery rack.

Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products. The company bridges the gap between battery cell ...

Why This Weatherproof Powerhouse Is Redefining Energy Storage a Viking-inspired energy storage system braving Norwegian snowstorms while powering an entire telecom tower. Meet ...

What do we do Battery Norway (Norwegian Battery Platform) is a national industrial collaboration platform focused on innovation and sustainable value creation opportunities, ...

The Norwegian Giga Battery Factories (NorGiBatF) is a competence project funded by the Research Council of Norwegian and several Norwegian industry partners. The project is headed by the ...

A giga-scale factory for battery cell production located in Mid-Norway. Utilizing renewable energy, we are spearheading the development of a sustainable and competitive Norwegian industry focused on ...

As a pioneer in the clean energy sector, Norway has also shown strength in battery manufacturing. As the global demand for sustainable energy solutions grows, Norwegian battery manufacturers are at ...
