A new generation of energy storage system solutions with high energy density, safety, maintainability, flexibility, long cycle life and efficiency in a standard modular design project.

Discover how the Ottawa 116 lithium battery pack is revolutionizing energy storage across industries. Explore its technical advantages, real-world applications, and why it's becoming the preferred choice ...

Our new MBE series is a dedicated range of battery energy storage solutions that reduce fuel consumption and carbon emissions. It can be used as a stand alone solution to meet the needs of ...

Ottawa generator containers have emerged as game-changers across multiple sectors. These modular systems combine portability with industrial-grade performance - perfect for Ottawa's mix of urban ...

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel redundancy when regulatory or client requirements demand it.

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring ...

We have seen an immediate reduction in our energy bills and a change in our power consumption patterns since we installed the PVMARS off-grid solar power system.

Through this competitive procurement process, known as the Long-term 1 Request for Proposals (LT1 RFP), the province looked to procure year-round capacity from new build storage ...

Discover clean, portable, emission-free POWRBANK commercial energy storage. Achieve your sustainability goals with the proven mobile BESS.

Ottawa Mobile Energy Storage Container 120kW

The VSS-H10-120M1P-A is a compact 10ft containerized energy storage system with a 241kWh LiFePO4 battery and 120kW bidirectional inverter. Designed for outdoor deployment, it supports both grid-tied ...
