KLARO Container is a flexible and mobile wastewater treatment system that can be used where a wastewater treatment system is required but there is no connection to the sewer system.

Looking for a flexible, cost-efficient, and scalable wastewater treatment solution? Whether for new construction, system upgrades, or refurbishment projects, we are your reliable partner for modular ...

While traditional stationary solar power systems are normally cumbersome to install and difficult to relocate, folding PV containers make use of innovative articulated panels and a hydraulic ...

The outer surface of the container is equipped with foldable photovoltaic panels, which can be folded up when not in use to reduce volume and weight for easy transportation and storage.

The solarfold Container is an immaculately-detailed and sophisticated plug & play system for a wide range of applications. The mobile drive system consists of a flexible drive unit mounted on traverses ...

Containerized mobile treatment systems are ready to use immediately on delivery and cater from 60 persons to 20,000 persons capacity. A containerised portable sewage treatment plant ...

The Solarfold photovoltaic container can be used anywhere and is characterized by its flexible and lightweight substructure. The semi-automatic electric drive brings the mobile photovoltaic system ...

The ClearFox® Containerized System is a packaged wastewater treatment plant, custom designed and pre-installed within ISO shipping containers. As a modular solution, it is easily transportable by land ...

LZY Solar Containers use proprietary folding panel technology to maximize power generation while maintaining standard shipping dimensions. Our systems are faster to deploy, generate more power ...

Photovoltaic Folding Container Fixed Type for Wastewater Treatment Plants

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...
