The problem with the Adventure Kings 12V control box, is it's just a very bulky way to go about fuses & plugs. You can cram all that into a small area. The switches look to serve no use ...

#kings #lithium #fix#resethium #battery #faultEasy & safe way to get you lithium going again.

Needing to replace my AGM batteries which are well past their effectiveness. Some specials at the moment from Kings. I know they're a cheaper option, any experiences good or bad? ...

The other night after watching I checked out the 4wd Super Centre site and this battery with a Kings Battery Case was listed for \$500. Seemed like a pretty good deal for a launch into ...

Is anyone running the kings 200ah lithium batteries, and if so ...are they working up to expectations or specifications... Be wary that influencer opinions may not be objective, as they may ...

Hey guys, I'm using a 200w solar panel and 115ah Battery from Kings, because I live in my car. I charged it yesterday for the first time, because voltage went down to 12,5. The controller showed problems ...

I have a Kings battery monitor which I want to use to monitor charging input and current output. My problem is that all the wiring diagrams for the product assume that it is part of a dual ...

Kings lithium batteries - they seem to be fairly honest and problem free. Has anyone ever had a major problem with the battery itself, ie not the charger or solar panel.

No other brand has been able to beat Kings for reasons you've listed and all the reviews seem to be quite positive. Even if you did have an issue, there are dealers Australia wide that you ...

Any reputable lithium battery shop will tell you that you need a dedicated lithium profile charger, and they're not wrong. You can use a normal AGM charger, and the BMS in the battery will ...

## Problems with kings battery

Kings are vigorously advertising 200AH LiFePO4 batteries at \$818.95 delivered. Specs read well but they ommit whether these batteries can be ...

The Kings 138Ah battery is probably more like 120Ah so keep that in mind when doing calculations. The Kings fridge will not have the most efficient motor/compressor/insulation so keeping ...

My aux battery under the bonnet of my 200 is getting long in the tooth, and I am starting to look around for a viable "under the bonnet" Lithium battery. There is DCS, of course but their ...

Wondering if any-one has any experience with the Kings 120amp lithium battery. I've had some battery problems and needed to replace my Projecta charger and batteries so I thought i'd give ...

So you can see its fairly complicated with trade offs everywhere. That battery looks actually pretty respectable, but you can't trust rs. You can't be sure of any shenanigans like ...

hi guys, just installed a Kings dcdc 20amp non solar battery charger through a Kings Battery monitor to the auxiliary batteries in my caravan.
