On September 12, the 9th Advanced Training Course on Solar Thermal Power Generation Technology, funded by the Bureau of Personnel of the Chinese Academy of Sciences ...

Research Progress · China Achieves Major Br... · New Progress in High-Te... · Researchers Develop New... · A novel technology for ... · Generation of world ...

Research Fellow at the Institute of Electrical Engineering, Chinese Academy of Sciences, and Distinguished Research Fellow among the first batch of such appointees by the Chinese ...

Dr. Wang Zhifeng, researcher at the Institute of Electrical Engineering, Chinese Academy of Sciences (IEECAS) and Chairman of CRES Concentrating Solar Power Committee, won the Science and ...

He proposed that the core scientific problem of solar thermal power generation is the coupling of unsteady light-heat-work processes, presented a roadmap for the development CSP ...

1. Lab. of Renewable Energy IDepartment of Renewable Generation System IDepartment of Solar Thermal Utilisation IDepartment. of Solar Cell ...

Research Progress · China Achieves Major Br... · New Progress in High-Te... · Researchers Develop New... · A novel technology for ... · Generation of world-rec... More>> International Cooperation ...

On March 19, the Reference address: China Electric Power Engineering and the Institute of Electrical Engineering of the Chinese Academy of Sciences jointly established the "Solar ...

Located within the Tengger Desert in northwestern China, covering an area of 43 square kilometers with a generation capacity of 1,500 MW, it combines PV generation with desert control ...

The Solar Energy Scientist Who Uses Sunlight to Fire Ceramics At work, Wang Zhifeng is a scientist specializing in solar thermal power research, but in his free time, he is an avid snow sports ...

The Institute of Engineering Thermophysics (IET) originated from the Power Laboratory of the Chinese Academy of Sciences (CAS) founded by Academician WU Chung-hua in 1956. At ...

1. Lab. of Renewable Energy | Department of Renewable Generation System | Department of Solar Thermal Utilisation | Department. of Solar Cell Technology | Department. of Ocean Energy ...
