The Bureau of Land Management (BLM), which reports to the secretary, had been actively developing solar power projects as part of the Biden administration's goal of deploying 25 GW of ...

More than \$14 billion in clean energy investments in the U.S. have been canceled or delayed this year, according to an analysis released Thursday, as President Donald Trump's pending megabill has ...

Since President Trump took office, almost \$19 billion worth of wind and solar power generation projects have been canceled, according to U.S. consultancy Atlas Public Policy.

At least 35 commercial-scale solar power projects that were under at least preliminary review by BLM when President Donald Trump took office still await action.

Federal agencies are delaying approvals for renewable energy projects on both federal land and private property at a time when electricity demand is going up.

The Trump administration's cancellation of the largest solar project in the United States has sparked confusion and concern among Republicans and Democrats alike.

Of the projects canceled this year, most -- more than \$12 billion worth -- came in Republican-led states and congressional districts, the analysis said.

Explore the impact of canceled power generation projects in the U.S. across solar, wind, and battery storage sectors, driven by grid constraints and data centers.

The US is canceling a huge solar project in Nevada, the latest effort by President Donald Trump to limit renewable energy development. The Esmeralda Seven solar farm is now listed as...

Just one solar project has been approved on federal lands since Trump took office in January, and none have

Solar power projects suspended

been permitted since July when Interior Secretary Doug Burgum ordered ...
