Built to deliver optimal performance and reliability, the Chint Power SCA36KTL-DO/US-480 V2 36kW, 3-Phase Inverter is designed to revolutionize solar energy conversion.

The new, V2 version of the 36kW (36kVA) CPS three-phase string inverter is designed for rooftop and carport applications. The units are high performance, advanced and reliable inverters designed ...

These inverters come standard with AC and DC disconnects, user-interactive LCD, and an integrated fused string combiner. Its small, lightweight design makes for quick and easy installation and ...

Datasheet 36 kW, 1000 Vdc String Inverters for North America The CPS 36 kW three-phase string inverter is designed for rooftop and carport applications. The units are high performance, advanced, ...

Available for NORTH AMERICA 36kW/60kW SG36/60CX-US North America Utility Scale Overview

The 36kW is an extension of the existing 23kW and 28kW inverter line and features a dual MPPT design with up to 98.6% conversion efficiency and wide operating window of 240-950Vdc. An installer ...

With the optional integrated PLC technology, SMT 25-36kW Series strives for cost efficient communications. Featuring a compact design with a weight of just 40 kg and compact design, the ...

The CPS 36kW three-phase string inverter is designed for rooftop and carport applications. The units are high performance, advanced and reliable inverters designed specifically for the North American ...

A NRTL approved, cost effective alternative to central inverters enabling BoS cost savings, high harvest performance and modular design building blocks. These models provide up to 98.6% conversion ...

The 36kW medium-power CPS three-phase inverter has been designed for small commercial rooftop, ground mount, and carport applications. Featuring dual MPPTs, 98.5% peak efficiency, and a wide ...
