With our advanced technology and expertise in the energy storage industry, we are committed to providing innovative and sustainable solutions to meet the energy needs of Vietnam.

Through this exhibition, Elecnova not only demonstrated its comprehensive strengths in the fields of energy storage systems, power quality management, and EV charging infrastructure, but ...

Discover SolarEast's innovative BESS battery storage and cabinet ESS solutions unveiled at Vietnam Energy Week 2025. Explore advanced residential, C& I, and liquid-cooled energy ...

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

Smart Vietnam's Outdoor Battery Cabinets are built for exactly that--housing lithium, lead-acid, or hybrid battery systems in harsh conditions, while keeping your gear dry, ventilated, and locked down.

Feature-rich 5G-LTEs are built for any industrial situation; these waterproof, weatherproof NEMA enclosures are offered in standard and mini sizes. Installed components include HVAC climate ...

With modular structure, which can be flexibly composed of a variety of voltage platform, a variety of capacity level system, and easy maintenance. The design of battery management system provides ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Waterproof Smart Energy Storage Cabinet for 5G Microstations in Vietnam

These advanced technologies drew attention for their alignment with Vietnam's surging energy storage needs. During the event, DESAY Battery also signed cooperation agreements with ...
